Housing Programs, HUD, 451 Seventh Street, SW., Room 9164, Washington, DC 20410–8000, or to a fax number or email address obtained by calling the Office of Manufactured Housing Programs. For convenience only, the URL of the Web site is http://www.hud.gov/offices/hsg/sfh/mhs/mhshome.cfm and the toll-free telephone number to contact the Office of Manufactured Housing Programs is 1–800–927–2891, extension 57

- (d) Correcting information. If the information provided by the retailer changes after it has been provided to HUD, the retailer must correct the information within 10 business days after the retailer learns of the change.
- (e) Record retention requirements. The retailer or distributor must maintain a copy of the records required in paragraphs (a) and (b) of this section for 3 years from the date of installation, as under § 3286.115.

§ 3286.115 Date of installation.

The date of installation will be the date the installer has certified that all required inspections have been completed, all utilities are connected, and the manufactured home is ready for occupancy as established, if applicable, by a certificate of occupancy, except as follows: If the manufactured home has not been sold to the first person purchasing the home in good faith for purposes other than resale by the date the home is ready for occupancy, the date of installation is the date of the purchase agreement or sales contract for the manufactured home.

§ 3286.117 Completion of sale date.

- (a) Date of sale defined. For purposes of determining the responsibilities of a manufacturer, retailer, or distributor under subpart I of part 3282 of this chapter, the sale of a manufactured home will not be considered complete until all the goods and services that the manufacturer, retailer, or distributor agreed to provide at the time the contract was entered into have been provided.
- (b) Compliance with construction and safety standards. When a retailer or manufacturer is providing the installation and an installer installs a home in such a way as to create an imminent

safety hazard or cause the home to not comply with the construction and safety standards in part 3280 of this chapter, and those issues are discovered during the installation of the home, the sale or lease of the home is not complete until the home is corrected.

Subpart C—Installer Licensing in HUD-Administered States

§ 3286.201 Purpose.

The purpose of this subpart C is to establish the requirements for a person to qualify to install a manufactured home in accordance with the HUD-administered installation program. Installers will be required to meet licensing, training, and insurance requirements established in this part. Licensed installers will self-certify their installations of manufactured homes to be in compliance with the Model Manufactured Home Installation Standards in part 3285 of this chapter. In order for such an installer to self-certify compliance with the installation standards, the installer will have to assure that acceptable inspections, as required in subpart F of this part, are performed.

§ 3286.203 Installation license required.

- (a) Installation license required. (1) Any individual or entity that engages in the business of directing, supervising, or controlling initial installations of new manufactured homes in a state without a qualifying installation program must itself have, or must employ someone who has, a valid manufactured home installation license issued in accordance with the requirements of this subpart C. For each installation covered under these requirements, the licensed installer, and any company that employs the licensed installer, will be responsible for the proper and competent performance of all employees working under the licensed installer's supervision and for assuring that the installation work complies with this part.
- (2) A business that employs a licensed installer to represent the business and hold the installer's license retains primary responsibility for performance of the installation work in

§ 3286.205

compliance with the requirements of this part.

- (3) A license is not required for individuals working as direct employees of a licensed installer or for the company that employs a licensed installer, provided that those individuals are supervised by a licensed installer.
- (4) The installer must display an original or a copy of a valid installation license at the site of the installation while performing work related to the installation of the home.
- (5) The installer is responsible for understanding and following, as applicable, the approved manufacturer installation instructions and any alternative installation design and instructions that have been certified by a professional engineer or registered architect, that have been approved by the manufacturer and DAPIA as providing a level of protection for residents of the home that equals or exceeds the protection provided by the federal installation standards in part 3285 of this chapter.
- (b) Installation license not required. An installation license is not required for:
- (1) Site preparation that is not subject to the requirements of part 3285 of this chapter:
- (2) Connection of utilities to the manufactured home;
- (3) Add-ons subject to the requirements of §3282.8(j) of this chapter;
- (4) Temporary installations on dealer, distributor, manufacturer, or other sales or storage lots, when the manufactured home is not serving as an occupied residence;
- (5) Home maintenance, repairs, or corrections, or other noninstallation-related work performed by the home manufacturer under warranty or other obligations or service agreements:
- (6) Installations performed by authorized representatives of the Federal Emergency Management Agency in order to provide emergency housing after a natural disaster; or
- (7) Work performed at the home site that is not covered by the federal installation standards in part 3285 of this chapter or the requirements of this part.

§ 3286.205 Prerequisites for installation license.

- (a) Required experience. (1) In order to obtain an installation license to perform manufactured home installations under the HUD-administered installation program, an individual must meet at least one of the following minimum experience requirements:
- (i) 1,800 hours of experience installing manufactured homes:
- (ii) 3,600 hours of experience in the construction of manufactured homes;
- (iii) 3,600 hours of experience as a building construction supervisor;
- (iv) 1,800 hours as an active manufactured home installation inspector;
- (v) Completion of one year of a college program in a construction-related field; or
- (vi) Any combination of experience or education from paragraphs (a)(1)(i) through (a)(1)(v) of this section that totals 3.600 hours.
- (2) An installer who is certified or licensed to perform manufactured home installations in a state with a qualifying installation program may be exempted by the Secretary from complying with these experience requirements, if the Secretary determines that the state requirements are substantially equal to the HUD experience requirements.
- (b) Required training—(1) Initial applicant. An applicant for an installation license must complete 12 hours of training, at least 4 hours of which must consist of training on the federal installation standards in part 3285 of this chapter and the installation program regulations in this part. An installer who is licensed to perform installations in a state with a qualified installation program may postpone the training requirements of this section until October 20, 2009.
- (2) Renewal applicant. In order to qualify for renewal of an installation license, the licensed installer must complete 8 hours of continuing education during the 3-year license period, including in any particular subject area that may be required by HUD to be covered in order to assure adequate understanding of installation requirements.
- (3) The training required under this paragraph (b) must be conducted by
